This listing of claims will replace all prior versions and listing of claims in the application.

Listing of Claims

Cancel claims 1-5.

11. (New) In combination:

(a) a mounting plate defining first and second openings therethrough, each of said first and second openings being bounded by said mounting plate; and

(b) a cable tie including a head and a strap extending from said head to a cable tie free end, said strap defining an arcuate surface in underlying relation to said mounting plate, a first extent of said strap being continuous with said arcuate surface and resident in said first mounting plate first opening and a second extent of said strap being contiguous with said arcuate surface and extending to said free end and resident in said second mounting plate opening, said free end being accessible exteriorly of said mounting plate.

12. (New) The invention claimed in claim 11, wherein said strap arcuate surface, said strap first extent and said strap second extent are parts of an undulation formed at said strap free end.

13. (New) The invention claimed in claim 12, wherein said strap first and second extents are jointly insertable in said mounting plate first aperture in spaced parallel relation to one another.

14. (New) The invention claimed in claim 12, wherein said strap first and second extents are jointly insertable in said mounting plate first aperture and are in perpendicular relation to a remainder of said strap.

15. (New) The invention claimed in claim 14, wherein said strap first and second extents are jointly insertable in said mounting plate first aperture in spaced parallel relation to one another.
